**RE: L.E. CARPENTER PROJECT
WHARTON, NEW JERSEY
1986 ADMINISTRATIVE CONSENT ORDER
FIRST QUARTER 1994 PROGRESS REPORT**

Dear Ms Purcell:

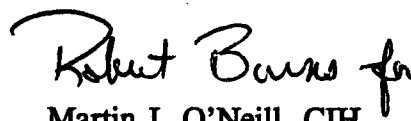

On behalf of L.E. Carpenter and Company, Roy F. Weston, Inc. (WESTON®) has enclosed the first quarterly report for 1994 covering the months February through April in accordance with Paragraph 35 of the 1986 L.E. Carpenter/New Jersey Department of Environmental Protection and Energy (NJDEPE) Administrative Consent Order.

Results of this quarter's field activities indicate that groundwater elevation data identified groundwater flow in a similar direction and pattern as those previously observed at the site. Additionally, analytical results of the groundwater samples identify a decrease in the concentrations of benzene, toluene, ethylbenzene and xylene.

If you require any further information, please feel free to contact me at (908) 417-5800.

Very truly yours,

ROY F. WESTON, INC.

Martin J. O'Neill, CIH
Project Director
